

Called to order

Agenda Approved

Reports

- Events: Spaghetti Dinner planned for May 21st, but Casey did not take action on it. Nancy Effle suggests sending it on the listserve with a request for help.
- Housing: Closed 20 nuisance cases, 17 vehicle cases brought to compliance, 2 zoning cases brought into compliance, 3 housing and rental cases brought into compliance, Active housing cases are down by ten and are at 63. 18 nuisance/lot cleanup cases, 1 active vehicle, 2 active zoning cases, and nuisance cases are expected to go up because of summer.
- Bulent proposes that we overhaul the structure of the GGNA to find another system that works apart from having a secretary, president, vice president, and treasurer. He proposes a system that allows people to put their skills where they're useful. He is proposing a discussion on a system that works for us specifically, and that Roberts Rules of order may work better for a bigger group.
- Burt suggests we need leadership.
- Catherine requested that we read the mission statement.
- Ranata Reeder presented on Participatory Budgeting and reviewed ideas that are being proposed for our district including:
 - A play area for kids
 - Art on a bus
 - Shade cloth covers at Warnersville pool.
 - Updated equipment at the wooden stone park
 - Stone game tables
 - Pet waste baskets, cross walks and a bus app.
 - Bus shelters.
- UNCG
 - Burt said we had a meeting with the chancellor who said we did not have a conflict and requested a statement on what our concerns were. Burt outlined them:
 - Blue light poles in the neighborhood make it look unfriendly There are more here than in other areas of campus or other neighborhoods, and it stigmatizes the neighborhood.
 - Steven asked if there was a record about how many times they have been utilized, and said that the phone app is used more than the actual poles.
 - Burt said that in the meet and Greet, the Chancellor stated that he didn't like High Point University because they gate themselves off, but these lights have a similar effect.
 - Spartan Chariots unloading and loading create hazardous conditions for motorists or pedestrians/busses parking in no parking areas, no designated bus stops, and cars can't pass. Burt requests that UNCG create new bus stops.
